Re: Fee and Lien Agreement

Dear Future Patient:

You have asked that I provide you with medical care on a lien basis during your court case.

A lien is much the same as a loan. Before I can agree to perform an examination, you will need to review and sign the enclosed lien agreement. I cannot accept a lien if you are not represented by an attorney. I am not able to accept a lien unless both you and your attorney agree to sign this document.

Neurological care is very expensive. I must warn you in advance that I will be entitled to receive payment for the care I have provided, whether you win or lose your case. If you do not win your case, or if you receive as much as you expect, you may owe me money. I will not accept a discount. As an alternative, you may elect to obtain needed care through a less expensive source, such as the county medical system.

A scheduling deposit in the amount of \$500.00 must be returned with the fully signed Lien Agreement before any appointment is scheduled. If the appointment is missed or canceled, the money will not be refunded.

Thank you in advance for your business.

Sincerely,

Robert E. Lieberman, M.D.
